

Heathrow Bus and Coach Departure Charge Consultation Timetable

A consultation document and agenda will be issued five working days in advance of the 26th May 2011 detailing HAL's intended strategy for the departure charge.

- Initial consultation meeting on the 26th May.
- Follow up workshop week ending 10th June
- Any formal responses back to HAL 8th July
- New price announced 8st August
- New price effective from 1st October 2011

Once this process has been completed we intend to create a new forum called the CBS charges stakeholder group. This will consist of the commercial coach operators and CPT. The group will meet on a quarterly basis with the aim to give greater visibility to those stakeholders of the costs and the resulting impact to the departure charge.
